PUBLIC HEARING: 7:15 p.m. Brookhaven Lake Association Notice of Intent for drawdown of the lake. Charlie Reim reported that DEP wanted additional information and told him he could do a drawdown as well as chemical treatment of weeds in one Notice of Intent but would have to pay both fees. He will contact DEP to verify which weed control fee to use and will supply a list of letters to abutters along with a revised Notice of Intent to the Commission. He requested that the Public Hearing be continued and taken up at the June 3, 2009 meeting. The Public Hearing will be continued at 7:30 p.m. on June 3, 2009.

PUBLIC HEARING: Michael Takorian, 2 Wickaboag Valley Road Notice of Intent for an addition to his home. Order of Conditions written to include double staked haybales added to the plan in an arc giving room to work and keep off septic system. Haybales will be maintained until vegetation takes place.

Aaron Dewar, Ragged Hill Road. Gordon DeWolf and Diane Oliver-Jensen made a site visit today and took pictures. They have not followed the plan of 02/12/2008. There were no haybales in place. Looking at the area now, we see standing water in the driveway. They have put soil on the wetland. Since they have not followed the plan we will ask them to cease all work until a plan with an engineer’s stamp delineating the wetlands is received. Gordon will write a letter and this will be attached to the minutes. Copies to be sent to the Board of Health, Donald J. Frydryk, P.E., Sherman & Woods, 3 Converse Street, Suite 302, Palmer, MA 01069, Keith L. Morris, 622, Spring Street, Leeds, MA 01053 and Michael F. Gragnolati, P. O. Box 3127, Windsor Locks, CT 06096.
