ADA COORDINATOR

The Architectural Barriers Act of 1968 (42 USC, 4151 et seq.) requires certain federally assisted buildings to be constructed so as to be accessible to physically handicapped persons, and the Americans With Disabilities Act of 1990 (42 USC, 12101 et seq.) prohibits discrimination against the disabled individuals in private and public employment, public accommodations, public transportation, government services, and telecommunications.

The Town continues to utilize its Transition Plan to assist in its efforts to comply with ADA.

Respectfully submitted,
Johanna Barry, ADA Coordinator

ADVISORY COMMITTEE

The Advisory Committee members are appointed by the Selectmen for three year overlapping terms, and we are charged with reviewing and making recommendations on all articles that appear in any warrant presented to the voters of West Brookfield. In calendar year 2008, we met twenty-four times, at an average of two hours per meeting, to fulfill our responsibilities. Agendas for all of our meetings are now posted on TVWB, and agendas and minutes are posted on the WB web page.
During 2008, committee member Bev Kenniston elected to step down, and we lost Peter Day to cancer. We will miss them in our deliberations, but we are fortunate to welcome Nicole Allen, Jack Tivnan, and Diane Vayda, who bring new and fresh perspectives to our discussions.

As we looked at the fiscal year 2009 financial request to support West Brookfield operational services, the clouds we saw on the horizon last year turned into a severe storm. The national and state economies are in recession. State support for cities and towns has been reduced 10% for fiscal year ending June 30, 2009 and we are expecting additional reductions for fiscal year 2010. Local property tax increases are limited to two and one-half percent and new growth in real estate activities and fee income sources have substantially diminished. In response, the West Brookfield Board of Selectmen has requested all departments to trim 5% from their approved fiscal year 2009 budgeted expenditures. For fiscal 2010 the Advisory Committee has requested that cost of living salary adjustments be limited to 2% (3% in prior years) and that budgeted expenses (excluding salary adjustments) be limited to 95% of the approved fiscal year 2009 budgeted expenses. It is too early in the process to project our share of the Quaboag Regional School budget, but we expect the increase for fiscal year 2010 to be less than the 8% increase for fiscal 2009. If the Governor has to cut expenses again in the next fiscal year, as he has had to do twice this fiscal year, we will have to revisit our projections and respond accordingly.

During this last year, we again compiled the capital spending requirements for the next five years and were provided with the following estimates:
Police Dept. facilities $2,000,000 Under review
Fire Dept. expansion 700,000 No activity at this time
Fire Dept. equipment 21,700 Thermal imaging camera & Turnout gear
WB Elementary School 1,050,000 Repairs & replacements
Quaboag Middle/High School 156,000 Repairs & replacements
Highway road maintenance 2,000,000 Town & Chapter 90 funds
Vehicle replacements 865,400 Fleet account projections
Water Dept. wells, pipes and filters 1,500,000 Funded in part with MTBE settlement

Estimated Total $8,293,100

The Advisory Committee will be reviewing these items in more detail during 2009. Voters may be asked to fund some of these expenditures at the 2009 town meetings, and some will be postponed to future years. We are also looking into grants, loans, and other resources to fund some of these projects.

Our continuing updated vehicle purchase analysis for the next five years shared with voters at the town meetings has proven to be a useful tool. After discussions with department managers, we have deferred, for two years, a decision to purchase a new fire truck, and considered less expensive options for replacing police and fire vehicles.

With all of our financial needs and limited resources, we are going to have to continue to carefully manage our budget priorities over the next several years.
In 2008 there was only one working dairy farm, owned by Jim Talvey; and one beef farm owned by Salems. David Salem runs the operation. There are numerous horse farms.

The U.S.D.A. is still trying to push for the “tagging” of animals. Goats and sheep must be tagged when sold.

ASPARAGUS & FLOWER HERITAGE FESTIVAL

The annual festival was held on Saturday, May 17, 2008 on the Town Common from 10:00 a.m. – 4:00 p.m.

Co-sponsors for the event were the Quaboag Historical Society and the West Brookfield Historical Commission. This year’s event attracted almost seventy vendors, non-profit organizations, and exhibitors. Food vendors offered a variety of asparagus dishes, while growers offered asparagus roots and fresh asparagus. The Legend of Asparagus Cookbook, prepared by Ray and Caron Plante, sold out. Green “Asparagus” tote bags with the Festival logo were a new addition this year. The Cultural Council organized the Kids’ Parade, and coordinated supervision of the Hay Bale Maze and other new children’s activities by Quaboag High School students. The Frog Jumping contest organized by Ray Plante and Jeff Robbins awarded “gold coins” as prizes. Music was provided by Dick Chase, and Samantha Gillogly fiddled during the afternoon.

A “May Pole Dance,” coordinated by Bridgett Johnson, was a great addition to the Festival. Samantha Gillogly provided violin music while dancers from the Betty Gunderson Dance Studio wove colorful ribbons around the May Pole.

We extend our thanks to the Cultural Council, the dancers, the musicians, and the Highway Department. Special thanks to Rudy Arn, who portrayed Diederick Leertouwer and led the Kids’ Parade.
This year we experienced the loss of Will Earley, a great supporter of this event, who truly enjoyed his role as Diederick Leertouwer.

Committee members in 2008 were: Roger Allen, Amy Dugas, George and Elaine Hibbard, Bridgett Johnson, Cindy Laub, Ruth Lyon, Ray and Caron Plante, Dick and Barbara Rossman, and Joan Veinot.

Respectfully submitted,
Richard Rossman, Secretary

BOARD OF ASSESSORS

Our town has 2,500 parcels:

1,370 Residential Improved Parcels
807 Vacant Parcels
181 Commercial/Industrial/Mixed Use Parcels
142 Personal Property

The value of all taxable property for Fiscal Year 2008 was $417,964,551 and our new growth for Fiscal Year 2008 was $6,147,748. The Fiscal Year tax rate is $9.69 per thousand. We are still calculating two debt exclusions in our tax rate.

The Assessors will be conducting a complete Revaluation of all property in the Town for Fiscal Year 2011 with the assistance of a real estate consulting firm. In the past, the Revaluation has resulted in large increases in the assessed value of properties because the adjustments were made every three years. However, the
State Department of Revenue now requires interim year adjustments which have resulted in much smaller fluctuations in assessed values.

In addition, the Assessors continue to implement the state law passed by the legislature (Chapter 59, Section 2D), which allows towns to issue supplemental real estate tax bills to property owners who make improvements to their property equal to more than fifty percent (50%) of the property’s prior value. These bills are triggered by the issuance of occupancy permits and prorated according to the date on the occupancy permit.

The Assessors continue to work very closely with the Building Inspector because the Town requires building permits on almost all improvements made to your property. These building permits aid in correctly valuing a property’s worth. Upon notification by the Building Inspector of permits issued, the Assessors will visit the property to verify and photograph it. Prior to our inspection, the property owner will receive a questionnaire from our office for them to complete. This will assure us that our records are correct. **We ask that anyone who receives one of these questionnaires take the time to complete it and return it to us.** When these forms are not returned to our office, we cannot make the necessary changes to ensure that the information we have on file is accurate.

**ADDRESS CORRECTIONS:**
The bulk of information used in the Assessors’ Office is indexed by address. **It is essential that you inform our office of any changes in your address as soon as the change occurs.** It certainly will help us to serve you
more efficiently and prevent the necessity of duplicate mailings at an added cost to the taxpayers.

In addition, if a property owner has a Post Office Box number, it is imperative that we have this for our records. The Post Office in West Brookfield will not deliver mail without the correct Post Office Box number. If you are not sure that we have your box number on file, please contact this office for verification.

**Motor Vehicle Excise Tax Bills:**

Many people come to our office with questions regarding their Motor Vehicle Excise Tax Bills. The Registry of Motor Vehicles sends computerized data to all towns and the bills are then printed and mailed from the Tax Collector’s Office. The information you receive on your bill is based on data the Registry of Motor Vehicles has in their files for any calendar year beginning January 1st. Please pay particular attention to the “Garaging Location” on your insurance form. If you have any changes in this location or in any other information, you must notify the Registry of Motor Vehicles so that your license, registration and Motor Vehicle Excise Tax Bills are correct. This also ensures that you receive a bill at your correct address.

In addition, if you have sold a motor vehicle during the year, you may apply for an abatement of your excise bill by completing an application and providing our office with proof of the sale, as well as a copy of the Plate Return Receipt, or new registration if you transferred your license plates.

Our door is always open and we welcome any comments or questions. We are proud to provide a very
personalized service to you, and enjoy the opportunity to meet with many of you throughout the year.

Respectfully submitted,
William Mansfield, Chairman
Kevin Dorman
Peggy Walker, Clerk
Melissa Wahl, Secretary

**BOARD OF HEALTH**

During the past year, the board of Health has generated approximately $15,000.00 through various required permit fees. The fees are as follows:

- Septic Permit $200.00
- Perc Test $150.00
- Septic Installers $50.00
- Septic Haulers $50.00
- Trash Haulers $50.00
- Retail Food $50.00
- Food Service $50.00
- Food Catering $50.00
- Milk Store $10.00
- Body Art $180.00
- Tanning $15.00
- Mobile Home varies

The following Immunization services were provided by the Harrington Home Care:

- Flu Vaccine 178
- Pneumonia Vaccine 4

The Board of Health issued the following permits:

- Perc 24
- Septic 11
Food  37     Milk     16
Tanning  2     Septic Installer  21
Motel/Campground  3     Mobile Home Park  1
Pool  2     Septage Hauling  6
Trash Hauling  5

The Board of Health is enlisting volunteers for the Worcester Regional Medical Reserve Corps. The Worcester MRC was recently established for volunteers in the event of an emergency, locally and regionally. Volunteers will be trained and prepared to staff Emergency Dispensing Sites (EDS) and respond to any type of public health disaster. To become a Worcester Regional MRC Volunteer:

1.) Visit us at www.worcesterregionalmrc.org
2.) Complete the Form
3.) Submit the form online

All residents over eighteen are encouraged to join.

With the help of the Central Massachusetts Regional Planning Commission, the Town of West Brookfield has a low interest loan program for the repair of septic systems. Contact the Administrative Assistant for further information.

The Board of Health meets on the 2nd and 4th Tuesdays of each month at 7:00 p.m. in the West Brookfield Town Hall, Room LL4. The public is invited to attend.

The Board of Health telephone number is 867-1421 ext. 310. Office hours are:
Monday 12:00 noon to 2:00 p.m.
Tuesday through Thursday 9:00 a.m. to 11:00 a.m.
Tuesday evening 6:00 p.m. to 8:00 p.m.

John Thomasian, Title V Agent
Joanne Petterson-Bernier, Health Agent
Sarah J. Allen, Administrative Assistant
Walter Ambach, Floor Drain Inspector
Virginia Allen, Clerk
James Talvy, Outdoor Wood Boiler Inspector

Respectfully submitted,
Melvin Dorman, Chairman
Jason Paquette
John Frizzell

BOARD OF SELECTMEN

The start of every calendar year finds the Board of Selectmen well into the budget planning process for the coming fiscal year as well as working on the creation of a Warrant for the Annual Town Meeting, which is held on the first Tuesday each May.

The Board approved the purchase of a 1999 Sweeper from the City of Gardner for a not to exceed value of $30,000; for the highway department.

The Board approved Grodsky Service Incorporated’s quote of $9,500 to replace two (2) of the four (4) heating pumps located at the WBES; noting that the
repairs appear to be critical to the provision of heat at the WBES.

Noting that Local 170 had received enrollment cards from all members of the highway staff, the Board voted to voluntarily recognize the Teamster Union, Local 170, on behalf of the Highway Department.

The Board held a surplus auction.

Mr. John D. MacMillan, AIA President, Reinhardt Associates & the Board agreed on a Basic Fixed Fee of $16,500 for Rubber Roof Replacement Design Services for the WBES.

Upon receiving a “clean bill of health” from the Hazardous Materials Coordinator, the Board voted to accept 20 White Birch Drive on donation.

Noting ratification by the patrolmen, the Board voted to accept the Patrolmen’s Contract as agreed by the New England Police Benevolent Association & Board on March 25, 2008.

Mr. Tom Ashe & Mr. Anthony Petrone, Worcester County Sheriff’s Office, provided the Board with an overview of the emergency Reverse 911 system; recently acquired from the Central Region Homeland Security Advisory Council by the Worcester County Sheriff’s Department. The Board executed a contract for services at no charge to the Town, noting that cost would be covered through 2010 by a grant.
The Board authorized the hiring of a sixth police officer. The Board hired Officer Edwin Ward on July 29, 2008.

The Board approved the 2010 Quaboag Plantation Ball Committee’s request to use the Great Hall for their Gala Ball on Saturday, January 2, 2010.

The Board hired D.P. Carney Construction, Inc., 34 Horseshoe Circle, Ware, as Contractor for the Rubber Roof Replacement Project at the WBES for a value of $221,149.00.

The Board approved a Conservation Restriction under C184 s32 for Jane Taylor, Ragged Hill Road to the East Quabbin Land Trust – 48.89 acres.

The Board held ongoing discussions with the Interim-School Superintendent and the School Committee relating to discrepancies with the student population in the Quaboag Regional School District; stating that their primary goal is to have the student count accurate for FY2010.

The Board executed a TRIAD Agreement with the Worcester County Sheriff’s Department on September 23, 2008. The TRIAD Agreement will provide the Town access to many programs including Reverse 911, the “Are You OK?” Program, Free Signage Programs, Cell Phone Banks, Safety Education Programs for the Elderly and Disabled, - and many more.
The Board accepted a Settlement Check from GAF for $31,000 cash for defective shingles on the Elementary School.

The Board accepted two (2) Settlement Checks ($2,510,814.43 and $38,277.03) from Baron & Budd, PC relating to MTBE Products Liability Litigation.

The Selectmen wish to thank all those working for the town of West Brookfield in any capacity, whether as an unpaid volunteer, an elected/appointed official, or hired employee.

Townsmen are encouraged to attend any meetings of interest and actively participate in the workings of local government.

Respectfully submitted,
Barry Nadon, Jr.

Our Commission has the oversight of three separate cemeteries: The Pine Grove Cemetery on Church Street, The Old Indian Cemetery on Cottage Street, and The Methodist Cemetery on Lyons Road.

The Commission would like to thank all those who have cared for the lots of their loved ones this past year, and to remind everyone that we have Spring (second week in April) and Fall (last week in October) clean-ups, at which time all items should be removed.

We have had a few incidences of vandalism to the old headstones, so we ask you to please call the West Brookfield Police Department if you see any suspicious activity. **Also, please be advised that out of respect for our deceased, dogs are not allowed in the cemetery at any time.**

For genealogy questions please contact our clerk, Teri Roberts, via e-mail at troberts@wbrookfield.com, or the postal service, at Pine Grove Cemetery, PO Box 912, West Brookfield, MA 01585.

COMMON COMMITTEE

The West Brookfield Town Common continues to be a popular location for our community’s activities. This year the 43rd Annual Congregational Church Tag Sale on the common drew major crowds. The Asparagus Festival also is growing in popularity. T-ball and youth soccer practices and games were played. The summer concerts at the Helen Schackley Bandstand were once again a popular draw. We thank the Friends of the Bandstand Music Committee for their hard work in providing outstanding entertainment for our community. The July 4th bonfire continues to be a real crowd pleaser. The first snowfall of the year fell on the day of the White Christmas in West Brookfield event, which drew crowds despite the cold and snow. We extend our heartfelt thanks to all the organizations that have used our town Common and made living in our community a special experience.

This year we would like to bid farewell and thanks to Marc Varnum for his years of service to the Common Committee as Chairperson. Robert Richard has accepted the position of Chairperson. We would like to welcome Teri Roberts who assumed the position of Treasurer. Jaclyn Von Bleicken continues to serve as the committee’s Secretary.

This year we began planning for the 350th Quaboag Plantation Anniversary in 2010. Our goal is to have the Common be in excellent condition for the celebration and to maintain the simple elegance that has defined our town Common for generations. We established a lawn
fertilization/maintenance program and are researching possible lighting options (e.g., lampposts). We are also planning for the trimming of the existing trees and replacement of trees due to storm damage. Any comments or suggestions can be made to the e-mail address common@wbrookfield.com.

We would like to thank Alan Bigos, our groundskeeper, and John Bartlett of the Cemetery Department for their continued work in maintaining the common grounds.

We have enjoyed serving our Common and the Town of West Brookfield.

Respectfully submitted,
Robert J. Richard, Chairperson
Teri Roberts, Treasurer
Jaclyn Von Bleicken, Secretary

CONSERVATION COMMITTEE

Conservation Commission member Ed Kwasniewski passed away after an illness in December.

During the year the Conservation Commission was involved with numerous permits, site visits and meetings regarding the enforcement of the Massachusetts Wetland Protection Act. We held public hearings for ten (10) Notices of Intent; seven (7) Requests for Determinations; two (2) abbreviated Notices of Intent, and one (1) abbreviated Notice of Resource Area Delineation. We
issued two extension permits for extension of *Notice of Intents* and one *Certificate of Compliance* was issued.

Please visit our web site at [http://wbrookfield.com](http://wbrookfield.com). All forms, as well as instructions for completing, are located at this site and can be downloaded for your convenience. Minutes of our meetings may be viewed here as well.

The Conservation Commission wishes to remind all property owners that Massachusetts General Law states that any work proposed within 100-feet of any wetland (rivers, streams, lakes, marshes, bogs, or seasonally wet area) or 200-feet from any perennial stream requires a filing of a *Request for Determination of Applicability*.

An Agricultural Preservation Restriction Program is also in place to assist and encourage the retention of the Commonwealth’s best farmland. The program is a permanent solution for maintaining an agricultural land base for local food production. Any interested landowners should contact the Commission for more information.

The Conservation Commission meets the first Wednesday of the month at 7:00 p.m. in the Lower Level Conservation Office in the Town Hall.

Respectfully submitted,
Gordon DeWolf, Chairman
John Hooven
Richard Provencher
Brian Silva
Diane Oliver-Jensen

COUNCIL ON AGING

We would like to thank the Council on Aging for their continued support and dedication to the Senior Center and our senior citizens.

In the year 2008 we have introduced several new programs and continue to expand our activities. We hosted a successful Fall Open House to celebrate National Senior Center Week and took pleasure in hosting a fourth White Christmas Open House. Our third annual Veterans Appreciation Dinner was a great success, and well deserved by our veterans. This was made possible by a car show, businesses, and individuals who donated to this worthy program and to whom we are deeply grateful. We very much appreciate the continued support from the community, which allows us to hold such great community events.

We value all our 185 dedicated volunteers who have donated a total of 10,650 hours in FY2008. Tri-Valley Inc. continues to provide the nutrition program including Meals on Wheels and lunch at the senior center. In FY 2008, there were over 20,000 home-delivered meals and more than 2,000 congregate meals served at the senior center.

We are very grateful for the donation made by the Friends of the Council which allowed us to purchase a sound system and a floor buffer. In addition, we are thankful to all who have donated items from our wish list in the Silverstreak Newsletter (including paper napkins, paper plates, small kitchen items, tablecloths, large cans of coffee, etc.).
We continue to provide information and referral, outreach, reassurance calls, and other individual services that help seniors and their families cope with problems related to aging. The Senior Center continues to offer the Medicar Program (medical transportation) and several clinics including blood pressure, flu clinic, cholesterol screening, Veterans’ Agent, AARP tax assistance, and other medical screenings.

The mission for the Council on Aging of the West Brookfield Senior Center is to enhance the lives of our senior citizens by providing information, referral services, and opportunities for socialization and recreation.

Please feel free to contact us at our e-mail address wbseniorcenter@charterinternet.com.

We thank, once again, all our volunteers who have spent many hours setting up and cleaning up for all the special programs. We are so lucky to have so many volunteers who make the West Brookfield Senior Center the BEST!

Respectfully submitted,
Cynthia Norden, Director
James Pierce, COA Chair
Earth Removal Board

“Earth Material Excavation Requiring a Permit”: More than 500 cubic yards of soil excavated in any one year. Excavation incidental to the construction of buildings or other accessory uses and expansions may be exempt, provided that the quantity of materials removed shall not exceed that displaced by the portion of the building or accessory use below grade, and all required permits by the West Brookfield By-laws and/or Zoning By-laws have been issued. Other exceptions are: excavation in the course of customary agricultural use of land for a farm, garden, or nursery; excavation of material subject to a licensed issued under M.G.L. Chapter 40 Subsection 21 (7); excavation in compliance with the specific requirements of an approved subdivision plan; and excavation in the normal use of a cemetery.

“Earth Material” includes soil, sand, gravel, stones, topsoil, peat, muck, loam, bedrock, or other earth materials from any land in the town.

The Earth Removal Board continues to manage three (3) active permits relative to earth material excavation under Section XII Section 2 of the Town’s General By-laws.

Respectfully submitted,
Jason Paquette, Chairman (Health)
Bob Lipovsky (Planning)
Tom Long (Selectmen)
Gordon DeWolf (Conservation)
Richard Aube (Zoning)
EMERGENCY MANAGEMENT

The Office of Emergency Management is responsible for assisting town agencies in both handling and preventing of disasters, whether natural or man-made. The office is responsible for the creation and updating annually of the Community Emergency Management Plan and insuring the town’s compliance with regulations adopted by both the Massachusetts Emergency Management Agency and the Federal Emergency Management Agency.

During the past year, we have been busy with two main projects involving regionalization of services. It has been widely recognized that no one town has the ability or resources to effectively handle a major catastrophe, such as Hurricane Katrina or the December 2008 ice storms. To insure a rapid and sufficient response to major emergencies, several local emergency managers have joined together to explore the possibility of forming a regional alliance. A more formal arrangement than simple mutual aid, forming a regional group will allow us to vie for competitive grants that would be unavailable to single entities, while still retaining our individual authority. In doing so, we hope to be able to stockpile equipment and attract volunteers to serve as a resource pool in the event of an emergency. We hope to have this regional committee up and running by the end of 2009.

2008 also saw the formation of the Quaboag Valley Regional Emergency Planning Committee. Located out of Wing Memorial Hospital, the group includes both public and private entities. The focus of the group is to create a multi-discipline approach to hazard mitigation. We are
looking for wider participation from the private sector, especially those businesses that are Tier II reporters. The committee meetings are open to the public and are held in Palmer at Wing. Meeting times and dates are posted in the Town Hall.

Anyone interested in joining the Planning Committee or volunteering is asked to contact me either by phone (508) 867-1405 or e-mail at ctodonnell@wbrookfield.com.

Respectfully submitted,
C. Thomas O’Donnell, Jr.
Director of Emergency Management

FIRE DEPARTMENT

For the year of 2008, the West Brookfield Fire Department responded to a total of 159 emergency calls which include building fires, motor vehicle accidents, wild-land fires, hazardous material spills, water/ice rescues, fire alarms, and several other public assistance incidents.

One of the important parts of public safety is our Safety and Compliance Inspection Program, which is coordinated by Deputy Chief Robert Benson, consisting of:

Installations:

- OIL BURNERS
- OIL TANKS
- PROPANE TANKS
Inspections:
SMOKE AND CARBON MONOXIDE DETECTORS
COMMERCIAL BUILDING SPRINKLER SYSTEMS
STATE MANDATED NURSING HOME INSPECTIONS
FUEL TANK SAFETY INSPECTIONS
LIQUOR LICENSE BUILDING SAFETY INSPECTIONS

Other Services:
UNDERGROUND TANK REMOVAL
BLASTING PERMITS
BON-FIRE PERMITS

There were 102 calls for inspections in 2008.

Our annual brush burning season was very active for 2008. There were about 40 calls for brush fires and escaped burning permits, which unfortunately resulted in some structures being lost. There were 239 burning permits issued in 2008.

To obtain a burning permit you must first come to the Fire Station on a Saturday during burning season between 8:00 a.m. and 12:00 noon. **Burning season runs from January 15th to May 1st.**

Our Intensive Training Program is a never ending task, coordinated by Training Lieutenant Scott Anderson. We, as a department, constantly train throughout the year keeping our skills and education at a high level to better serve the residents of West Brookfield.

Another responsibility of the Fire Department is the S.A.F.E. Program (Student Awareness to Fire Education). Coordinated by Firefighter Paul Lupacchino, this program teaches young students hands on fire safety and how the local emergency services protect their town.

Another year has passed and I have served the town now for seven years. It has been a pleasure working for a municipality that supports its emergency services.

I would like to extend appreciation and thanks to present and past members of the West Brookfield Fire Department who have kept the town safe with dedication and professionalism. A special thanks to all the town departments and employees who assist us throughout the year.

Respectfully submitted,
Timothy Batchelor, Fire Chief

HAZARDOUS WASTE COORDINATOR

For the year 2008, as the Hazardous Waste Coordinator, I responded to ten calls. They were as follows:

Calls for the clean-up of fluids from Automobile accidents 4
Call for the clean-up of oil/hydraulic leaking from CMD Disposal 1
Call for an oil leak on a delivery truck 1
Call for a gasoline spill from a pick-up truck in North Brookfield 1
Call for an oil/hydraulic spill from an Excavator loader in North Brookfield 1
Call for an oil clean-up from a sinking boat at Town Boat Club 1
Inspection of property for Hazardous Material 1

Respectfully submitted,
Walter Ambach, Hazardous Waste Coordinator
HIGHWAY DEPARTMENT

The cycle of events during this year was the same: mowing, sweeping, tree removal, stump removal, plowing, sanding, and repairs and maintenance to the equipment.

John Gilbert Road was the most significant road project of the year. The work involved the removal of many trees, the installation of thirteen (13) catch basins which was followed by 1,360 feet of pipe. The surface was then reclaimed and paved with a first course binder. Though the project is not complete, the spring will allow for the final coat of asphalt. John Gilbert Road represents over a mile of roadway, and, when completed, will have cost a total of $260,000.00.

The Highway Department wished that more money was available to satisfy more road improvements. Other paving projects and costs included: Moorings Way, $12,000.00; Church Street Extension, $10,256.00; and Charmil Drive, $8,870.00. The residents of both Moorings Way and Church Street Extension paid for 50% of the paving cost based upon their existence as private ways.

The ice storm of December 11th, though not significant, created a State of Emergency for the region. The Federal Emergency Management Agency (FEMA) granted cities and towns the ability to receive 75% reimbursement of eligible costs. Extensive documentation from the Highway Department netted $19,509.00 in reimbursements.

I remain extremely grateful to have such a competent and hardworking crew.
Respectfully submitted,
Jason Benoit, Highway Superintendent

3-inches in diameter and 4-feet in length.

THE DROP-OFF CENTER IS FOR RESIDENTIAL USE ONLY. RULES AND REGULATIONS SUBJECT TO CHANGE AS MARKET FLUCTUATES.
The Historical Commission met monthly, January to June and September to December, in the Commission office, Room 201 in the Town Hall.

The Commission website, www.westbrookfield.org continues to be updated by member Nancy Parker. Information on the original “Planters” who settled on Foster Hill has been added. The site continues to average over 400 hits per month.

In January, photo titles and credits were given to the graphic artist who began layout and design for “The History of West Brookfield 1675 – 1990”. Later in the year Commission members began work on the index, the last step in preparation for printing. A file set of 8”x10” duplicate photos were organized for the Commission archives.

Commission members continue participation in planning the “350th Anniversary Celebration of the Quaboag Plantation” in 2010. Members reviewed a forty-eight page booklet “The Planters of Brookfield” prepared by descendant Chuck Prichard. Madelyn Tivnan edited the booklet, and Chuck Prichard provided printed copies for descendant families who attended informational meetings on October 15 and 16. Commission members attended these meetings held at Salem Cross Inn. The Commission funded the purchase of twenty-five commemorative coins, which were given to the descendants, and funded the barbecue for them on Foster Hill on October 15th. Several family histories and papers were given to the Commission by those attending. The
installation of five new “Entering Quaboag Plantation” signs was coordinated with the Highway Department in October. The Commission purchased and had framed prints of the “Original Town Plots”. One was hung in the Selectmen’s Office and one was given to the owners of the farm on Foster Hill.

Once again, the Commission sponsored the Isaiah Thomas Patriot – Printer Program for the 5th grade at the West Brookfield Elementary School and co-sponsored the Asparagus and Flower Heritage Festival on the common in May. Members also voted to fund a field trip to Old Sturbridge Village for the Elementary School.

Other activities during the year include:

❖ Worked with Selectmen to implement the Town Hall Maintenance Plan.
❖ Awarded the “Boston Post Cane” to Miriam Potter, the oldest citizen of our town, on November 18th.
❖ Continued work on the “Old Bay Path Indian Trail”. A land trust is working with us in an attempt to preserve a significant historical site, which is a key component to the trail.
❖ Preparation of a “Walking Tour of the Old Indian Cemetery” by member Bill Leslie.
❖ Reviewed and commented on proposed changes to School Street, which would affect the Center Historic District.
❖ Repaired and repainted “Center Historic District” sign on the common.
❖ Continued research and preparation of the National Historic Register nomination for the Jedediah Foster Home site by member Amy Dugas,
Worked with CMRPC and DCR on “Heritage Landscape Inventory”, which highlights seven significant and unprotected sites in town.
Partnered with Friends of the Library to purchase fifty Old Sturbridge Village passes.
Began research to determine Historic Register nomination eligibility for the Lucy Stone Home site. The Trustees of Reservations will assist in this project.
Provided historic brochures for the “Historic Hunt” conducted in October.

Once again a generous gift was received from the J. Irving and Jane L. England Charitable Trust. This gift, along with the support of the Town, enabled us to undertake the projects outlined. We express our endless gratitude for this support.

The 2008 Members and Associate Members are:

  Angela Carville       Bill Leslie
  Ed Dow               Ed Londergan
  Amy Dugas            Nancy Parker
  Dave Fitzgerald      Barbara Rossman
  Joan Fitzgerald      Richard Rossman

Respectfully submitted,
Richard Rossman, Chairman
The West Brookfield Housing Authority meets on the third Monday of each month at the Community Building, located at Olde Village Place at 29 East Main Street. The meetings are held at 9:00 a.m. and are open to the public. The Annual Meeting and Election of Officers are held in May of each year. All meetings are posted with the Town Clerk.

There are four elected members of the Housing Authority and one member who is appointed by the Governor. They are as follows: John Murphy, Chairman; Phyllis Warriner, Beverly Anderson, and Michael Frew. The Governor’s appointed position is currently vacant.

We currently employ three staff members as follows: Christine Evans, Executive Director; Keith Bordeau, Maintenance Manager; and Fiona Andrews, Office Assistant.

There are currently three Housing Programs in management at the Olde Village Place location. The Chapter 667 Elderly/Handicapped Housing Program consists of 36 one-bedroom apartments. Our Chapter 705 Family Housing Program consists of ten units of housing. There are six (6) three-bedroom units and four (4) two-bedroom units. Also located on our site is a Chapter 689 Program which is administered by The Bridge of Central Mass. All programs were established and funded by the Department of Housing and Community Development and are operated under state guidelines.

Applications for any of our housing programs are available by contacting or visiting our office, located at
Building 7. Eligibility for all housing programs is based on the net income limits established by the state, and rents are currently based on 30% of net income in Chapter 667 housing, and 27% of net income in Chapter 705 housing. Applicants are offered housing from our waiting list, and preference is given to Veterans residing in West Brookfield, as well as persons from the town who have lived here for more than nine months, or who are employed in this community. To discuss housing opportunities, please call 508-867-5891 on Monday and Wednesday from 8:00 a.m. – 3:00 p.m. and Friday mornings from 8:30 a.m. – 12:30 p.m. We consider ourselves to be partners in an effort to meet the growing need for affordable housing units in this community, and welcome inquiries at any time.

We extend our sincere thanks to the West Brookfield Police, Fire, and Rescue Departments for their caring dedication to the safety and security of our residents.

Respectfully submitted,
Christine Evans, Executive Director

LAKE WICKABOAG
PRESERVATION ASSOCIATION
“LWPA”

This is an independent association. Its members are neither elected nor appointed by Town Officials.

We started the 2008 season with the ability to see almost seven feet down into the lake using our Sechi Disk. However, by mid June, we began to observe deterioration in clarity, only to see it reverse in late June. We scheduled our algae treatment for the 23rd of July, earlier than the last few years. During August, we encountered excessive amounts of Chara, an alga that appears string-like and can be mistaken for a weed form. The contractors we have spoken to have suggested that this is actually a beneficial alga as it grows low to the bottom and can limit weed growth. However, the amount we experienced was significant enough to warrant a treatment. The treatment did not work. Since it was late in the season, we elected not to try another treatment and will monitor this life form carefully in 2009. The contractor has offered to do one treatment for Chara at his expense in 2009, if he is awarded the contract. We are not alone with algae management problems. There are few local, reliable, and accurate algae analysts and not enough research has been done to compare our results to scientific data sources. We may struggle with this lake management issue for several more years.

Each year working with Lycott Environmental, we conduct several weed surveys of the lake. Our initial
analysis, this year, identified a small portion of variable milfoil near the Bradish Brook out flow to the lake and pondweed from the sandbar south along the east shore. With the treatment on June 29th, we just about eliminated these problem areas. However, during July, we discovered a new weed, Elodea, in the cove near the dam and we needed a special treatment to eliminate the plant.

In addition to the lake monitoring, we hosted another successful lake clean up, convened an educational annual meeting, published spring and fall newsletters, and supported dam maintenance activities. Working with the Stormwater Authority and consultants from ESS, we were very pleased that the Town of West Brookfield was awarded a 319 Grant of $60,000.00 for a project on Wickaboag Valley Road to limit the amount of run-off contaminants flowing into the lake. The LWPA will be providing some dollars and member time as part of the match funding requirements of the grant.

The Third Annual Decorated Waterfront Contest was held on July 4th, without the torrential rain of 2007. We had nearly thirty excited participants.

During 2009 we will expand our lake monitoring program and continue publication of our newsletters and will conduct another lake clean up. We would like to expand the clean up program to include the entire town and will be looking for volunteers for that effort. The Fourth Annual Decorated Waterfront Contest will be held again on July 4th. We hope to award a second matching grant under the “Vegetative Buffer/Stormwater Grant Program” from LWPA funds.

While there has been a decline in the weed population, there will be a need to continue the surveys and some weed treatments. The FY 2010 budget contains funds for only one microscopic algae treatment. However, with the cost of copper used in copper sulfate for algae treatments retreating to more normal levels and with careful management of the budget, we may have enough funds for two treatments during the summer of 2009, if needed.

The town’s share of the jointly funded (with the LWPA) FY 2007 ESS Stormwater Action Plan has been included in the Stormwater Authority’s 2007 budget. Additional stormwater studies and actual projects may be funded in part from the above FY 2009 and FY 2010 budgets.

LWPA remains committed to achieving the best water quality for our lake. We thank all town officials and the town residents for your continued support.

Respectfully submitted,
Albert F. Collings, President
Mary Beth Czaja, Vice-President
LIBRARY

It seems that every year has its defining moment, and for the Library it happened on Monday, June 23\textsuperscript{rd}, at 4:31 p.m. It was at that precise moment when a bolt of lightning, literally from out of the blue, slammed into the roof and exploded through the meeting room wall, leaving an 18” hole of exposed wire mesh, and plaster fragments scattered throughout the 2\textsuperscript{nd} floor. The wall was significantly bowed, and the recessed lighting, forced through their ballasts from the sheer concussion, hung down, tethered by their wires, still lit!

The experience of such an impact, both heard and felt by staff members, is difficult to describe. Suffice it to say that it was nothing short of terrifying, especially when the smell of smoke began to permeate the Library (apparently a lightning bolt can reach temperatures that approach 30,000 degrees!). It is an understatement to say that we were lucky no one was killed or hurt, and that the building sustained minimal damage. It took several months to fully recover the building. In addition to roof and wall damage, the fire, elevator and burner panels were completely destroyed. We’re proud to say that the Library was closed for only 1 day, for the purpose of assessing the damage, and bringing in the necessary professionals who began the arduous task of restoring everything to working order. We are hoping that the old adage, “lightning never strikes twice” will hold true for us!

The Library has been committed for the last decade to developing itself as a culture-based resource. From
collection development to special events and programs, the Library strives to offer cultural experiences and enrichment that otherwise may not be possible for patrons. In addition, the Library provides free or reduced admission passes for both cultural and entertainment venues thanks, in part, to the Friends of the Library and the West Brookfield Historical Commission. Rotating art exhibits are regularly displayed, utilizing our newly installed picture hanging system, located in the 2nd floor meeting room. It is our objective to facilitate services that reflect the interests and essence of the broader community.

The Trustees of Reservations selected the Library as the permanent home of the Rock House triptych, painted by Ann Hicks. The 3 paintings were unveiled at a reception held during the White Christmas festivities at the Library, which included an exhibit opening of a dozen other works by the artist. It was standing room only as the artist addressed the attendees, thanking the Trustees, Local Arts Council, and various other contributors, who, together, made the endeavor possible. This was the 1st exhibit utilizing the newly installed picture hanging system, and it remained on view to the public for 3 months.

Continued efforts were concentrated on the rejuvenation of the exterior property. This year we utilized the balance of the Future Fund (established by the capital fundraising campaign launched during the Charles Merriam 200th Birthday Community Celebration in 2006), and hired Dellomo Abatement Services to repair the rotting exterior window frames. Several sills were replaced, flaking lead paint stabilized, and a fresh coat of paint applied, resulting in an instant exterior face-lift.
Likewise, the ramp canopy was put through its inaugural paces considering the unprecedented amount of precipitation received during the past winter and summer. We are happy to report that the canopy functioned fully and accordingly, providing relief from the threat of injury resulting from avalanching ice and/or snow. Again, the Library is most grateful to the Town for their generous support of this successful and necessary resolution.

An apple tree, which sat at the corner of Main and Cottage Streets, was removed due to several factors, not the least of which was the damaging mess created by the fallen apples. In addition, the rotting fruit stained the Library carpets, and ruined the shoes of many unsuspecting passersby. Bees were a considerable annoyance to people who sat on the adjacent patio, as well. In its place, a Heritage River Birch was planted in memory of the late Library benefactor, Winthrop Gay, Sr. The tree planting ceremony was attended by Mr. Gay’s family, friends, and Town officials. Library Custodian, Clay Takorian, generously donated his tree removal services, providing a substantial saving to the Town.

Interior library renovations included utilizing Sheriff Guy Glodis’ program that connects non-violent, soon to be released inmates with municipal refurbishing projects. The main entrance and stairway, along with the meeting room walls, were completely refurbished, and the various wall colors selected have received rave reviews from our patrons. For the cost of providing supplies and lunch to the inmates, we were able to accomplish these necessary updates for a fraction of the cost.

These and other various projects have revealed a wonderful structure that has been restored to its former
and rightful stateliness. The Library and its grounds have been painstakingly revived so that all may take pride in this truly magnificent building. Restoration and maintenance of an antique building are ongoing, and, therefore, require the commitment and understanding of a supportive community. The constituency must be applauded for supporting the preservation of their Library so that generations to come will have the opportunity to marvel at and enjoy this architectural gem.

Throughout the year, Library Staff worked diligently to deliver the latest and greatest library services and products available. With new technologies constantly being developed, change is inevitable. For the Library to remain relevant, Staff must be constantly aware of updates, upgrades, and possess the skill to trend-spot, all within the confines of a predetermined and finite budget! Grants, gifts, and donations made many of these improvements and progress possible. For instance, the Technology Committee, once again, funded 2 new computers outfitted with the appropriate specifications necessary to efficiently interface with the circulation software. Likewise, CWMARS, who provides this software, incorporated expanded patron benefits on the Public Access Catalog (PAC) to include self-adjusting account parameters for preferred reading lists, PIN modifications, and date due e-mail notices. In the very near future, an added feature will allow patrons to pay overdue fees online.

To capitalize on these upgrades, the Library web site, launched 5 years ago, received its 1st major overhaul. Although we were attached to the original web site design, we knew it was time to update the look and “feel” of the links. In addition to the broadened PAC interface,
kids can now register for the Summer Reading Program from our web site – a time-and-effort-saving measure. Please visit the web site (www.wbrookfieldlibrary.org), and take a tour of the remodeled site, especially the Friends’ and Kids’ pages, where you’ll find some creative and stylish innovations. For our own perspective, the Library established tracking software to gather statistical information. Much to our surprise, the statistics reveal that the Library web site receives over a thousand visits per week! With this information we are encouraged to continue the effort of maintaining this popular online venue.

A new audio book format, Playaway, was introduced last summer. This unique format features a pre-loaded, 2-ounce device that fits in the palm of your hand. What’s more, the control panel allows you to bookmark exactly where you leave off, set the speed of the reader, and includes forward and reverse tracking. For those who want to listen in their car, the Library provides an FM converter. The convenience of Playaway makes it one of the most versatile and innovative audio book experiences currently available on the market. Circulation statistics indicate our patrons agree.

Circulation experienced a dramatic increase relative to Interlibrary Loan activity. Loans provided to other libraries grew by 21%. Likewise, our patrons enjoyed over 5,000 items lent by other Libraries from both the Central and Western regions alone. This significant increase indicates that our CWMARS consortium membership is highly beneficial in providing materials to the public. It is also indicative of the efficient service our Staff continues to provide. Such an increase places demands on a Staff that consistently delivers without the advantage of addi-
tional hours or workforce – commendable in terms of both effort and commitment to the job. Indeed!

Library Custodian, Clay Takorian, deserves special recognition for his 1st year of outstanding performance relative to building and property maintenance. His generosity toward his community and commitment to his job are exemplified by the various and numerous details he attends to, resulting in the Library functioning more smoothly and efficiently than ever before. By employing his knowledge and talents, Clay proposed real and thorough solutions that saved the Town money while creatively addressing issues head-on, before they escalated to a larger problem. As an enthusiastic self-starter, his expert knowledge, insight, advice, and kind demeanor have had a tremendously positive effect on the Library and its employees. Additionally, his non-maintenance contributions have also been immeasurable, such as the many library events he has digitally recorded, chronicling some very special Library moments for posterity. Clay is a true asset to this Library, and a highly valued addition to the staff.

Many people assisted the Library in delivering exemplary service to the public. The volunteers who selflessly devoted both their time and talents are an inspirational force often found working behind the scenes. The Board of Library Trustees, which met each month to carefully and thoughtfully flesh out the details of Library operations, typifies the commitment of volunteerism. The care and concern Board members exacted in their duties cannot be underestimated, as each of their perspectives yielded a tremendous influence over the success of this institution, and ultimately the satisfaction experienced by its patrons. In an attempt to avoid voting deadlock
caused by an even-member Board, the Trustees sought to create an additional seat for the Board. As a result, they welcomed Michael Carr along with Paul Spencer, who filled a vacant seat. Once again, the Library is enjoying a full complement of Trustees, which now numbers 7 members.

One of the most crucial decisions the Trustees made within the year was to initiate a much discussed and examined plan to deal with safety and security (both loss and prevention) concerns. For several years, the Board has been considering the best approach to address the numerous incidents of theft, and public transgressions experienced by staff and patrons. After several years of consideration, reflection, and professional consultation, Trustees voted to install a security system, which includes cameras to monitor the Children’s Library, Non-fiction and meeting rooms, and both the movie and music collections. It is our goal that this security measure will ultimately provide Library patrons and staff with a greater degree of safety, as well as enhance efforts to protect the collection and property.

The Friends of the Library (FOL), and its auxiliary counterpart, the Junior Friends of the Library, streamlined fundraising efforts to maintain a powerful impact without taxing its members unnecessarily. By refocusing its efforts to 2 major events (the annual White Christmas Raffle, and the Book & Bake Sale), the organization was able to maintain the fundraising levels (approximately $1,500) necessary to provide resources the Library relies upon; namely, passes for free or reduced admission to cultural and entertainment venues, and web site updates. In addition, the FOL also supported special programs, like the American Red Cross’ babysitting certification
course, held annually in December free of charge to registrants.

A collaborative endeavor between the F.O.L. and the West Brookfield Elementary School was launched this past spring with the placement of a Got Books donation container at the back entrance of the school, providing the community with an option to dispose of unwanted books (both print and audio) and movies (DVD and video). In turn, each time Got Books empties the receptacle a check is sent to the Friends, who then gives the money to the school for hosting the receptacle. In just 8 months the Friends have presented the school with $438.00! This successful initiative is a shining example of how collaboration and community outreach can benefit everyone involved.

This year the Friends adopted an emblem to represent the ideals of their organization. They chose the oak leaf motif, found fittingly in a low-relief sculpture over the front entrance of the Library. A Victorian favorite, the oak leaf is symbolic of "hospitality, stability, strength, honor, eternity, endurance, and liberty". You can view a photograph of the relief at the Friends page on the Library web site. To summarize the past year, one could say the FOL has turned over a new leaf!

Both Adult and Children’s services utilized volunteers to augment daily services. Volunteer-at-Large, Emma Belling (a.k.a. Lucy) returned for a 2nd year of assisting primarily with adult services. Good-natured Doris Carlson, who assisted the Children’s Librarian with activities and crowd control of the 3 – 5 year-old set, once again graced the Story Hour program. Calvin Chase, Linda Cunningham, Elizabeth Farmosa, Gabriela Garlicki, Samantha Gillogly, Jacob Gorham, Cindy and
Jacinda Graham, Caitlyn Kroyman, Bill Leslie, Jolynn Martin, Aaron Morgan, Sheila Nadolski, Margaret O’Brien, Kim Sargent, Dawn Swistak, Rachel Takorian, Valerie Paradise, and Garrett Wrobel all took time out of their busy summer schedules to lend their helping hands with the multifaceted Summer Reading Program (SRP).

Linda Pelletier arrived weekly to pick up and distribute library materials to homebound patrons. Her kind assistance helped connect people with items they might not otherwise be able to obtain. Also, Linda donated her famous cookies for several Library events, which were both cleverly designed and delicious!

Our gratitude is extended to each and every person who gave so generously to this public library. Your contributions, whether large or small, helped us to accomplish some amazing achievements this year. Please know that your assistance has made much possible, and that the entire staff is deeply grateful, and glad to know all of you!

Grants and donations were received by the Library to help defray expenses not covered by the Library municipal budget. The Local Cultural Council awarded $1,695 toward Library programming ($395 for Adult, $1,300 for Children) along with the following SRP donations from local businesses and organizations: Country Bank for Savings, Family First Bank, North Brookfield Savings Bank, Lamoureux Ford, Salem Cross Inn (gift certificate), Southbridge Savings Bank, Webster Federal Credit Union.

The Boston Museum of Science provided a Lowell Institute Program Grant, and the National Endowment for the Humanities awarded the We the People Created
Equal Bookshelf Grant (consisting of 22 children’s books), valued at $210 and $400, respectively.

The Massachusetts Board of Library Commissioners presented the Library with a State Aid award of $6,007, which was contingent upon receiving certification for compliance with meeting/exceeding minimum standards of library operation. Additionally, the Library received a gift of $7,500 awarded by the Jane and Irving England Trust that was used, in part, to renovate the exterior Library window frames.

A $2,200 Wing Health Foundation Grant was awarded for the purpose of purchasing an Automated External Defibrillator (AED). This grant was pursued after the staff completed a first aid certification program, which included AED training. Working with Paul Lupacchino, President of the W. Brookfield Rescue Squad, the Library was able to locate a make and model that was compatible with devices in other W. Brookfield municipal locations and cruisers. The Library is very appreciative for the guidance and assistance Paul provided during the successful application process, and indebted to Wing Memorial Hospital for their generosity towards our community and commitment to outreach.

Chronicling the past year within the annual report is always an exercise in revelation. It provides an opportunity to comprise a comprehensive retrospective, detailing both the Library’s accomplishments, as well as its services utilized by the greater community. The Value of Public Library Service Tool (see chart on next page), developed by the Massachusetts Regional Library Systems and the Legislative Committee of the Massachusetts Library Association, calculates estimated retail values to measure the market worth of services provided by a public library.
The values in the left-hand column are equal to the number of times patrons utilized services at the West Brookfield Library in Fiscal Year 08.

*It should be duly noted that the cost of operating the Library was $171,635*

In this time of economic turbulence the Library shines as one of the community’s finest, most affordable resources. At an annual cost of $49.35 (the equivalent of 2 hardcover best sellers!) per resident, it remains a tremendous value. As a cornerstone of democracy, a vital Library is an indicator of a thriving and vibrant commu-
nity, able to offer all the benefits and privileges thereof. Everyday that we have the opportunity to open the Library’s doors, we bring democracy to life – a concept that is at once, both reassuring and gratifying.

Respectfully submitted,
Lisa Careau, Library Director

PLANNING BOARD

A significant effort of the Planning Board during the year was focused on the Board’s first proposed Open Space Residential Development (OSRD) plan, under the recently approved OSRD subdivision law. The subdivision plan was for three lots on Ragged Hill. This subdivision was a good example of what the OSRD regulation was intended to accomplish. A major portion of the acreage of the subdivision was placed in The East Quabbin Land Trust, with three lots left for the developer. The plan was approved in September, after a lengthy public hearing process.
Research and discussion continued during the year on a Wind Turbine Regulation for West Brookfield. A preliminary draft of the regulation was developed using The American Wind Energy Association recommendations and several samples of regulations approved or drafted by other Massachusetts towns. We expect to have a proposed Wind Power Regulation ready for distribution and public hearing early in 2009.

During the year, in addition to the OSRD plan, the Board reviewed a total of six (6) Approval Not Required (ANR) plans which required Board action.

Respectfully submitted,
Timothy Morrell, Chairman
Robert Lipovsky

Merton Kenniston
Diane Oliver
Kristin McCarthy, Secretary

POLICE DEPARTMENT

The year 2008 was a busy one for the West Brookfield Police Department. For the second year in a row, calls for service rose from 3,828 in 2007 to 4,127 in 2008. Correspondingly, we have seen an increase in crimes against persons and properties. One bright spot was public disorder crimes, which fell by 18% in the past year.
These increases mirror a national trend of increase in violent crime, after several years of decrease.

2008 was a very busy year in our collaboration with the school system. In addition to conducting lockdown drills, Ptl. Marissa Brown spent a great deal of time instructing on safety related topics. She taught Drug Awareness to the Sixth Grade class, and spoke to the students on several other topics, including bus safety. She and Ptl. Swain also conducted several RAD trainings during the year, which were well attended. We hope to be able to continue offering these programs, despite the drastic cutbacks in the State grants used to fund them.

Working in conjunction with the Alcoholic Beverage Control Commission, we continue to make compliance checks of those establishments that serve alcohol. We are happy to report that our last two compliance checks both showed a 100% compliance rate. We are committed to the prevention of underage drinking and the tragedies that can result from it.

This past year marked the passing of retired Sergeant George Burnham. Sgt. Burnham faithfully
served the community for twenty years and was also a veteran of WWII. George will be greatly missed.

Despite the difficulties faced by the department in 2008, the men and women of the West Brookfield Police Department remain committed to the safety and well-being of the citizens of this community. We truly appreciate the support that we continue to receive from you.

The following are examples of calls for service handled by the department in 2008.

<table>
<thead>
<tr>

</table>
The results of the nine hundred and eight (908) motor vehicle stops conducted by the department in 2008 are as follows:

- 37 criminal complaints
- 223 civil infractions
- 20 arrests
- 315 written warnings
- 306 verbal warnings
- 7 were voided due to procedural mistakes.

During 2008, one hundred thirteen (113) people were charged with crimes and seven (7) were taken into protective custody. The following is a summary of the charges filed.

Falsely reporting a crime  2

Respectfully submitted,
C. Thomas O’Donnell, Jr., Chief of Police

PUBLIC ACCESS TELEVISION

Local Access (aka, West Brookfield Public Access Television, PEG or WBTV) has made reasonable advances in 2008 for laying an operational foundation. Given budgetary constraints, focus for the year was strictly on Channel 11, the public access channel. The primary advances are:

Equipment:
1) Replacement of dated PC and software, thanks to grant assistance by the Technical Committee.
2) To bring this computer up to editing standards a 1 Terabit external hard drive was added and Pinnacle editing software was installed.
3) Reconfiguring existing equipment for more efficient scheduling and editing.
4) Purchase of office printer/scanner/copier for better office logistics.
5) Purchase of 300 disc carousel DVD player that works in congress with broadcast programming. Prior system allowed only three shows to be scheduled at a time (that later became only two as one player broke down). The system can now schedule as many programs as
desired/available and do it weeks in advance. The traditional method of programming would have been to purchase a digital video server at a currently prohibitive cost of $9,000 - $10,000. Though this 300 disc system is no longer being made, we will likely be able to purchase one more, as a backup. At $875 each, it is a bargain.

6) A high speed disc duplicator was purchased and serves to make safeties of discs submitted for airing. It also is used to duplicate shows for people who wish to purchase a show they have seen on Channel 11.

7) A low cost direct to disc printer was purchased as the old paper label system is dangerous for heavy use disc players.

8) Audio capture for DV Camera Kit #1 was upgraded to an Audio Technica three wireless microphone with receiver system. This upgrade is a vast improvement to the built-in camera microphone. The kit also now includes a noise canceling headset for accurate audio monitoring.

9) A vacuum cleaner and a network router were donated to the studio.

**Programming:**

1) Twelve new shows were taped and aired in 2008.

2) Several outside productions were requested for airing.

3) Two free long-term series were negotiated and will begin airing in February 2009.

4) Additional programming will be added from new state run access portal, actual date still to be determined.

5) Reviews of older shows from several years past are being reviewed by volunteers and me for viability. Several have already been selected and are being
converted to DVD for airing. This is our “*Vintage West Brookfield*” series and the first show airs the week of January 25, 2009.

**Volunteers:**
1) Outreach for volunteer producers via word-of-mouth and the Channel 11 bulletin board began in late October. These yielded two shows with likelihood of more to come. This Outreach Program will expand in 2009.
2) In addition to volunteer producers, we have two general services people who help with tape reviewing and assisting as needed.

**Bulletin Board:**
1) WBTV has increased the number of local event bulletins. In addition, as a test for future Underwriters for the station, we have displayed several local businesses on the bulleted board for free. Feedback has shown that either the business owners haven’t tracked how their clients come to them or they have been doing so diligently and report a definite increase in business due to the bulletins. Starting in March or April, all local business bulletins will be converted to Underwriter status, where the businesses will support a particular show or the station in general. Fees will be modest.

**Show Duplication Promotion:**
1) Especially as we increase our production, we will further promote the sale of show duplication.

**Additional Notes for 2009:**
1) The primary goal for 2009 will be to increase programming of all genres and to encourage local production. This will be accomplished by:
   a) Further involvement with the Quaboag High School in association with their Media Department. We have already had preliminary discussions on this and they are interested in writing a grant to help develop a teaching/internship program.
   b) Encourage the West Brookfield Elementary School to tape events or programs.
   c) Pursue additional free and/or low cost programming from outside the community.
   d) Promote local residents to become “producers”.
2) Additional funding will, hopefully, come from the sale of dated equipment. Permission from the Selectmen for that sale has already been requested.

Respectfully submitted,
Barry Gillogly, Chairman

**Rescue Squad**

The West Brookfield Rescue Squad responded to over four hundred-twenty 911 calls in 2008, our 56th year of services to West Brookfield. Our call volume continues to increase yearly, up 20% in 2008. That is almost a 70% rise from 2005. The majority of calls continue to be for medical emergencies, but the numbers also reflect motor vehicle accidents, assisting the Fire Department at fire scenes, lift assists, and patient refusals.
The Rescue Squad currently has ten (10) active EMTs and three First Responders, all of whom respond on a “volunteer response basis” to pager tones requesting emergency help. Our goal is to provide the town of West Brookfield with 24-hour a day, 7-day a week emergency service. At times, however, when rescue squad members are unavailable, we continue to rely on neighboring towns for mutual aid.

In order to meet the demand for our increasing call volume, the Rescue Squad needs more EMTs. During 2008, an aggressive recruitment program was established. For the first time in our history, the squad was able to provide ten (10) West Brookfield residents participating in the EMT class at Baystate Mary Lane Hospital with an education grant/scholarship. With a dire financial situation facing many, this proved to be instrumental in a high level of participation from our town. In return for the Rescue Squad’s dedication to the community, class members make a commitment of service to the squad.

The EMT class concluded in mid-February 2009, and we anticipate all ten (10) graduates will join the squad and be ready to go on rescue squad runs by mid-May. The success of this program was due in part to the commitment of the Community Outreach Department at Baystate Mary Lane Hospital, which is working to help surrounding emergency services with their need for additional staff. However, contributions received in memory of Mary “Betty” Coulthard also played a huge part. The Coulthard family’s wish was to have the contributions put towards training more West Brookfield residents to become EMTs. We extend our gratitude to Betty’s family, and all who made contributions in Betty’s name, for this success. With more EMTs on our squad,
we plan to start transitioning from an “on-call volunteer response system” to a “scheduled paid on-call shift system,” responding from home, committed to availability for calls during that shift, with 24-hour coverage. This will ensure a West Brookfield Rescue Squad EMT will respond to every 911 call.

There is another EMT class scheduled to start September 1, 2009, at Baystate Mary Lane Hospital. Participants who complete the course and join the West Brookfield Rescue Squad will be reimbursed the tuition fee after the successful completion of a membership application and pre-employment physical, and a probationary period of active service.

The West Brookfield Rescue Squad welcomes new members. Anyone interested in joining can contact President Paul Lupacchino (508-867-3742) or any other squad member for information.

West Brookfield Rescue Squad continues to be committed to giving back to the community. First Responder and CPR training is provided free of charge to various town departments, as needed, and offered to the public throughout the year, time permitting. In 2008, the Rescue Squad donated this training to West Brookfield Residents in January. A defibrillator (AED) and storage cabinet was donated to the Town Hall and we assisted the Library in obtaining a donated defibrillator. The Rescue Squad had made the commitment to maintain the defibrillators in the following locations: the school, Senior Center, Library, and the Town Hall, all free of charge to the community. For the Squad’s efforts, the American Heart Association and the Office of Emergency Medical Services awarded and designated the Town of West Brookfield as a Heart Safe Community.
The cost of operating the Rescue Squad continues to rise, not only with the above mentioned community services provided, but a large anticipated expense is, in the near future, a replacement ambulance. This expense has an anticipated cost of today’s price tag of nearly $180,000.00. This expenditure will be needed very soon as the current Ambulance is ten (10) years old. All of the Rescue Squad’s expenses are covered by utilizing the monies collected from Insurance Company Reimbursements for services, the Annual Subscription Drive, as well as the Memorial and general contributions given generously throughout the year. Our services continue to be offered to the Town of West Brookfield for “ZERO” tax dollars, and without your continued generosity, it would be very difficult to continue this service.

Please remember the West Brookfield Rescue Squad is a State licensed “EMERGENCY TRANSPORT” ambulance. We are unable to provide transportation to the hospital for non-emergency evaluations, treatments or appointments under our State license. **Please call 911, the EMERGENCY ONLY number, when a LIFE THREATENING OR MEDICAL EMERGENCY ARISES.**

We would like to thank the residents of West Brookfield for their continued support of our efforts. We appreciate the continued financial support through the Subscription Drive, Memorial Contributions, and other generous donations throughout the years. And, as always, we would like to thank our families, the Police, Fire, Highway, and Central Dispatch for their help and support, when needed.

Respectfully submitted,
Board of Directors, West Brookfield Rescue Squad
**RIGHT-TO-KNOW COORDINATOR**

During the year 2008, there were no requests made under the Right-To-Know laws.

Respectfully submitted,
Walter Ambach, Right-To-Know Coordinator
SS.

To either of the Constables of the Town of West Brookfield

GREETING:

In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Elections to vote at

ANNUAL TOWN MEETING - Tuesday, May 13th, 7:00 p.m.
West Brookfield Elementary School

_________________________________________________

PLEASE BRING THIS REPORT TO THE ANNUAL TOWN MEETING FOR YOUR PERSONAL REFERENCE.
West Brookfield Advisory Committee

The Advisory Committee members are appointed by the Selectmen for three year overlapping terms and we are charged with reviewing and making recommendations on all articles that appear in any warrant presented to the voters of West Brookfield. In calendar year 2007, we met fifteen times at an average of nearly two hours per meeting to fulfill our responsibilities. Agendas for all of our meetings are now posted on TVWB and on the WB web page.

During 2007, committee members Bill King and Richard Pluta elected to step down. We will miss them in our deliberations, but are fortunate to welcome Roy Roberts and Phil Landine who bring a diversity of knowledge of our town and a variety of business experiences to our discussions.

As we looked at the fiscal year 2009 financial requests to support West Brookfield operational services, there are some clouds on the horizon. The national and state economies are expected to recede, but general inflation is expected to remain in the two to three percent range. However, higher energy, utility and health care costs, and the constant need for maintaining our plant, equipment, and roads as well as the need to solve our police and fire space needs all put pressure on our limited resources. Our new governor has stated his intent to increase the state’s financial aid to support local services. However, it appears that West Brookfield’s share of the pie will be less than expected at least for fiscal year 2009.

To meet the challenge of slower growth in town revenues, we asked all departments, boards and commissions to submit total fiscal year 2009 budgets, excluding capital and debt expense, at a rate of increase no higher than 5% of the fiscal year 2008 budget. At the time of the writing of this report, total salary, operating and recurring expense for town department submissions fell within that increase limit. However, our projected revenues are nearly level to last year and our share of the Quaboag School district foundation budget increased by 8% requiring the Advisory Committee to propose reductions in the requested expense and salary budgets of town departments. Next year does not look any better. Given that we are constrained by the two and one-half percent limit on the tax levy and that the level of state aid cannot be assured, we are going to have to tighten our belts more and look at increases in total budgets in the zero to three percent range.

During this last year, we again reviewed the capital spending requirements for the next several years and were provided with the following estimates:
<table>
<thead>
<tr>
<th>Project Description</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Police Department Facilities</td>
<td>$2,000,000</td>
</tr>
<tr>
<td>Fire Department expansion</td>
<td>700,000</td>
</tr>
<tr>
<td>Fire Department furnace replacement</td>
<td>5,000</td>
</tr>
<tr>
<td>WB Elementary School roof and other</td>
<td>700,000</td>
</tr>
<tr>
<td>Quaboag Middle/High School</td>
<td>Under review</td>
</tr>
<tr>
<td>Highway road maintenance</td>
<td>2,000,000</td>
</tr>
<tr>
<td>Town Hall boiler</td>
<td>Unknown</td>
</tr>
<tr>
<td>Vehicle replacements</td>
<td>930,000</td>
</tr>
<tr>
<td>Water Department pipe and filters</td>
<td>160,000</td>
</tr>
</tbody>
</table>

Voters will be asked to fund some of these expenditures at the 2008 town meetings and some will be postponed to future years. We are also looking into grants and other resources to fund some of these items.

Our continuing updated vehicle purchase analysis for the next five years shared with voters at the town meetings has proven to be a useful tool. After discussions with department managers, we have deferred for two years a decision to purchase a new fire truck and considered less expensive options for replacing police and fire vehicles.

With all of our financial needs and limited resources, we are going to have to carefully manage our budget priorities over the next several years.

Respectfully submitted,
Albert Collings, Chairman Beverly Potvin/Kenniston
Jeffery Belanger Roy Roberts
Peter Day Tom Schnare

</tbody>
</table>

or take any other action relative thereto.

(Sponsored by the Advisory Board)
(Advisory Committee recommends approval.)

Article 4
To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, such sums of money as listed in the Advisory
Committee Report and as amended as may be necessary to defray the expenses of the Town for the Fiscal Year 2008-2009, and to vote that any State reimbursements which result in available funds to the Quaboag Regional School District, in excess of the approved budget, shall be used to reduce the Town’s assessment, or take any other action relative thereto.

(Sponsored by the Advisory Committee)
(Advisory Committee recommendation pending.)

Article 5
To see if the Town will vote to transfer from Overlay Surplus the sum of $25,000.00 to be placed in the Reserve Fund to provide for extraordinary or unforeseen expenditures under the provisions of Chapter 40, Section 6 of the General Laws known as the Reserve Fund, or take any other action relative thereto.

(Sponsored by the Advisory Committee)
(Advisory Committee recommends approval.)

Article 6
To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury a sum of money to pay principal and interest payments owed on bonds for the West Brookfield Elementary School, or take any other action relative thereto.

(Sponsored by the Town Treasurer)
(Advisory Committee recommends approval.)

Article 7
To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury a sum of money to pay West Brookfield’s share of the principal and interest payments owed on bonds for the Quaboag Regional Middle/High School, or take any other action relative thereto.

(Sponsored by the Town Treasurer)
(Advisory Committee recommends approval.)

Article 8
To see if the Town will vote pursuant to M.G.L. Chapter 44 Section 53E ½ to authorize the use of a revolving fund to pay cemetery related expenses which fund shall be credited with receipts from various Burial Grounds Commission fees, such expenditures not to exceed $16,000.00 in fiscal year 2008/2009, or take any other action relative thereto.

(Sponsored by the Burial Grounds Commission)
(Advisory Committee recommends approval.)
Article 9
To see if the Town will vote pursuant to M.G.L. Chapter 44, Section 53E ½ to authorize the use of a revolving fund to pay Police Officer Detail Expenses, which fund shall be credited with receipts from various Details fees, such expenditures not to exceed $25,000.00 in fiscal year 2008/2009, or take any other action relative thereto.
(Sponsored by the Police Department)
(Advisory Committee recommends approval.)

Article 10
To see if the Town will vote pursuant to Chapter 44, Section 53E ½ to authorize the Stormwater Authority use of a revolving fund, which fund shall be credited with receipts from various Stormwater Authority fees, such expenditures not to exceed $25,000.00 in fiscal year 2008/2009, or take any other action relative thereto.
(Sponsored by the Stormwater Authority)
(Advisory Committee recommends approval.)

Article 11
To see if the Town will Transfer from the Water Surplus Account the sum of $30,000.00 to be placed in the FY 2008 Reserve Fund, or take any other action relative thereto.
(Sponsored by the Water Commissioners)
(Advisory Committee recommends approval.)

Article 12
To see if the Town will vote to authorize the Water Commissioners to employ their Licensed Water Commissioners at Grade 1 Step 1 ($9.99 per hour) for standby duty and emergency work in the absence of the Superintendent in Fiscal Year 2008/2009, or take any other action relative thereto.
(Sponsored by the Water Department)
(Advisory Committee recommends approval.)

Article 13

**SECRETARY OF THE COMMONWEALTH**

**SS. Worcester**

To either of the Constables of the Town of West Brookfield

**GREETING:**

In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Elections to vote at

**PRECINCT 0**

**POLLING LOCATION 1**

**SENIOR CENTER, 73 CENTRAL STREET**

on **TUESDAY, THE FOURTH DAY OF NOVEMBER, 2008**, from 7:00 A.M. to 8:00 P.M. for the following purpose:

To cast their votes in the State Election for the candidates for the following offices:
QUESTION 1: LAW PROPOSED BY INITIATIVE PETITION
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 2008?

SUMMARY
This proposed law would reduce the state personal income tax rate to 2.65% for all categories of taxable income for the tax year beginning on or after January 1, 2009, and would eliminate the tax for all tax years beginning on or after January 1, 2010.

The personal income tax applies to income received or gain realized by individuals and married couples, by estates of deceased persons, by certain trustees and other fiduciaries, by persons who are partners in and receive income from partnerships, by corporate trusts, and by persons who receive income as shareholders of “S corporations” as defined under federal tax law. The proposed law would not affect the tax due on income or gain realized in a tax year beginning before January 1, 2009.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.
A YES VOTE would reduce the state personal income tax rate to 2.65% for the tax year beginning on January 1, 2009, and would eliminate the tax for all tax years beginning on or after January 1, 2010.
A NO VOTE would make no change in state income tax laws.

QUESTION 2: LAW PROPOSED BY INITIATIVE PETITION
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 2008?

SUMMARY
This proposed law would replace the criminal penalties for possession of one ounce or less of marijuana with a new system of civil penalties, to be
enforced by issuing citations, and would exclude information regarding this civil offense from the state’s criminal record information system. Offenders age 18 or older would be subject to forfeiture of the marijuana plus a civil penalty of $100. Offenders under the age of 18 would be subject to the same forfeiture and, if they complete a drug awareness program within one year of the offense, the same $100 penalty.

Offenders under 18 and their parents or legal guardian would be notified of the offense and the option for the offender to complete a drug awareness program developed by the state Department of Youth Services. Such programs would include ten hours of community service and at least four hours of instruction or group discussion concerning the use and abuse of marijuana and other drugs and emphasizing early detection and prevention of substance abuse.

The penalty for offenders under 18 who fail to complete such a program within one year could be increased to as much as $1,000, unless the offender showed an inability to pay, an inability to participate in such a program, or the unavailability of such a program. Such an offender’s parents could also be held liable for the increased penalty. Failure by an offender under 17 to complete such a program could also be a basis for a delinquency proceeding.

The proposed law would define possession of one ounce or less of marijuana as including possession of one ounce or less of tetrahydrocannibinol ("THC"), or having metabolized products of marijuana or THC in one’s body.

Under the proposed law, possessing an ounce or less of marijuana could not be grounds for state or local government entities imposing any other penalty, sanction, or disqualification, such as denying student financial aid, public housing, public financial assistance including unemployment benefits, the right to operate a motor vehicle, or the opportunity to serve as a foster or adoptive parent. The proposed law would allow local ordinances or bylaws that prohibit the public use of marijuana, and would not affect existing laws, practices, or policies concerning operating a motor vehicle or taking other actions while under the influence of marijuana, unlawful possession of prescription forms of marijuana, or selling, manufacturing, or trafficking in marijuana.

The money received from the new civil penalties would go to the city or town where the offense occurred.

A YES VOTE would replace the criminal penalties for possession of one ounce or less of marijuana with a new system of civil penalties.

A NO VOTE would make no change in state criminal laws concerning possession of marijuana.

QUESTION 3: LAW PROPOSED BY INITIATIVE PETITION
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 2008?

SUMMARY

This proposed law would prohibit any dog racing or racing meeting in Massachusetts where any form of betting or wagering on the speed or ability of dogs occurs.

The State Racing Commission would be prohibited from accepting or approving any application or request for racing dates for dog racing.

Any person violating the proposed law could be required to pay a civil penalty of not less than $20,000 to the Commission. The penalty would be used for the Commission’s administrative purposes, subject to appropriation by the state Legislature. All existing parts of the chapter of the state’s General Laws concerning dog and horse racing meetings would be interpreted as if they did not refer to dogs.

These changes would take effect January 1, 2010. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would prohibit dog races on which betting or wagering occurs, effective January 1, 2010.

A NO VOTE would make no change in the laws governing dog racing.

_Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting._

During 2008, investment income continued downward. However, the $200,202.37 investment income for all funds is still substantial. The general fund portion of $75,670.10 is available to fund the current year’s budget and the other amounts are available through future appropriations.

The Town of West Brookfield participates in the Medicare Part D subsidy program. In 2008, the Treasurer’s office applied for and received $4,995.81 to subsidize the health care we provide for our retirees. Applications for future years have been submitted.

Fairfax Fund (Ayres Monument) $ 156.39
Margaret Preisach Magnante Fund $ 1,170.50
Priscilla E. Side Fund $ 355.66
Common Committee Trust $ 484.81
Historical Commission Trust $ 2,740.80
Recreation Committee $ 386.27
Brady Fund $ 3.24
Lucy Stone Birthplace Account $ 33.25
Town Hall Interior Fund – W. Reynis $ 1,598.85

**TAX TITLE**
Tax Title Redemptions $ 68,095.48
Tax Title Interest $ 36,931.87
Recovery of Tax Title Expense and Legal Fees $ 7,301.06

**INTEREST EARNED JANUARY 1, 2008 TO DECEMBER 31, 2008**
General Funds $ 75,670.10
Stabilization Funds $ 82,583.36
Conservation Funds $ 253.18
Trust Funds $ 28,148.26
Curb Cut Escrow $ 2,354.55
Rehab and Septic System Account $ 9,222.20
Self Insurance Trust Fund $ 1,970.72
Many West Brookfield committees continue to receive generous contributions annually from the Irving and Jane England Charitable Trust. Likewise, the bequests from former Town Treasurer Walter Reynis for improvements to the Senior Center and Town Hall interior have been exceptionally helpful in completing both projects.

We continue to resolve many of the outstanding tax title liens by payment or foreclosure. Every effort is made to encourage delinquents to settle their liens. In 2008, four large balance liens were paid along with the typical payment activity. Payments of $112,328.41 will be available to close out as free cash at the end of the fiscal year. All expenses to effect payment are reimbursed by the delinquent upon final payment. Our office also received several foreclosure judgments in 2008.

The Treasurer’s office continues to assist the Board of Health in administering the Septic System Loan Program. A local community bank assists with the billing and collection of quarterly payments.

Recently the Town updated the website to www.wbrookfield.com. In the future we expect to post lists of tailings (un-cashed checks deemed to be abandoned) as well as other interesting information.

Our department has run smoothly over the past several years. We would like to thank the other departments who have worked co-operatively to provide the best possible service to the West Brookfield community.

Respectfully submitted,
Keith R. Arsenault, Town Treasurer
WATER DEPARTMENT

The Water Commissioners are pleased to submit the following annual report for the year 2008. The Water Commissioners are Robert Benson, Chairperson; Barry Nadon Sr., Clerk; and Lester Paquette; Ronald Marchessault, Superintendent; Wesley Cassavant, Operator; and Jean Wrobel, Clerk/Collector. Any of us can be reached by calling (508) 867-1421 ext. 306 or the Filtration Plant at (508) 867-1412.

This year as you may know the Town, through the office of the Water Department, received a settlement from various oil companies for MTBE (Methyl Tertiary Butyl Ether) a gasoline additive, which was found in the Water Department’s two wells. We have been working for ten (10) years on the litigation and are pleased with the outcome. These levels are well below EPA and state guidelines. We continue to monitor these levels and are very confident these levels will go down even further. Any questions regarding this matter or any other, please call the numbers listed above.

This money has been put in a Water Stabilization account at the January 2009 Special Town Meeting. This money will help us to upgrade an aging water system and we look forward to your support in utilizing these monies.

Our main well was installed in the early 1960s. It was installed with a 15-foot shutter screen. This screen is nearly impossible to clean, which has us cleaning the well annually. Recommendations are that we install a new well. We have drilled a test well and are waiting for the results.
This spring we will be replacing and upgrading the water main under the Quaboag River on Long Hill Road. This main goes to our storage tank and, like our other mains, it is approaching 100 years old. Funding through the USDA and a grant we received will pay for this project.

We continue to repair and upgrade the distribution system and also the Filtration Plant. Our staff receives training yearly to comply with requirements and maintain the water system. Thank you for your continued support.

Respectfully submitted,
The West Brookfield Water Department
The White Christmas in West Brookfield Committee is pleased to report another successful event held on Sunday, December 7, 2008.

Horse drawn wagons shuttled happy revelers around the Common while craft shows, carolers, Father Christmas, Frosty the Snowman and chestnuts roasted on an open fire filling the area with activities. This year the Sturbridge Militia, dressed in their Colonial clothing, shared their fire with guests.

Open houses with free refreshments and raffles were held by area businesses, in and around the Common.

The highlight of the day’s activities included the lighting of the tree on the Common and the concert in the Great Hall, where Mr. John “Jack” Cregan was posthumously named Citizen of the Year.

It should be noted that all committee members are volunteers and worked tirelessly to achieve such a successful event for the Town of West Brookfield.

Respectfully submitted,
Madeline R. Arn, Chairperson
Wiring Inspector

The following is a compilation of permits received by the Wiring Inspector for 2008:

4 Single family homes
2 Additions
12 Renovations
1 Three-season room
2 Out-buildings
17 New services
2 Temporary services
10 Pools
7 Security systems
2 Furnaces
7 Miscellaneous
1 Generator

Respectfully submitted,
Donald Puduski, Wiring Inspector
The Zoning Board of Appeals saw a slight decline in activity for 2008. We granted only fifteen (15) Special Permits. The Board is still in litigation with one applicant.

The Board was represented as follows: Dave Broschart, Chairman; Kevin Dorman, Member; Dick Aube, Member; George Hibbard and Joan Veinot are Alternate Members.

The Board advises any applicants to purchase a Zoning By-Law Booklet before completing the application and submitting it to the ZBA. Applications can be obtained from the Town Clerk’s Office. There is a required signature from the Tax Collector stating that all taxes are up to date, and a letter from the Zoning Enforcement Officer stating that a Building Permit has been denied before an application can be accepted for a hearing. Other documents and plans may also be required. Applications are presented to the Board at the monthly meeting. If all paperwork is in order, a hearing can be scheduled.

The Board meets the first Tuesday of each month at 7:30 p.m. in the Lower Level Conference Room.

Respectfully submitted,
Dave Broschart, Chairman
Kevin Dorman, Member
Dick Aube, Member
George Hibbard, Alternate Member
Joan Veinot, Alternate Member
ZONING ENFORCEMENT OFFICER

Regular office hours were maintained to assist the Building Inspector to expedite permit required projects in assuring compliance to the Town of West Brookfield Zoning Bylaws. During the 2008 year, this office has taken and responded to one hundred and ninety-six (196) phone calls and two hundred and four (204) e-mail requests.

Twenty-two (22) projects were documented and referred to the Zoning Board of Appeals (ZBA) for special permit or variance. One project was documented and referred to the Planning Board for further clarification prior to approval. Two property owners were fined for starting a project without a proper permit. One project forced me to work with Town Counsel and required many letters and documents, including an appearance in Land Court in Boston, but both parties were able to come to a compromise prior to the final meeting in court.

There were several instances that required letters to be sent to property owners identifying zoning infractions and requesting that they comply with the Zoning Bylaws for the Town of West Brookfield. In most cases, these infractions were corrected immediately. However, in some cases, further communication and follow up was needed.

Cooperation and compliance with Zoning Bylaws, decisions of the Zoning Enforcement Officer, ZBA, Planning Board, and respect for neighbors is appreciated and helps to reduce the cost to the Town of West
Brookfield, when issues can be settled without the need for Town Counsel.

Copies of the Town of West Brookfield Zoning Bylaws are available from the Town Clerk, or you may go to the town web site to view or print them.

Respectfully submitted,
Gary M. Simeone, Zoning Enforcement Officer
