Correspondence:
The Stormwater Authority asked the Board to consider hosting a meeting in September with various boards/committees/departments to discuss construction and stormwater issues. The Stormwater Authority noted that this meeting would allow each department to outline their jurisdiction and responsibilities and to become pro-active rather than re-active. After some discussion, the Board agreed to host a meeting on September 14, 2017 at 6:30pm in the Lower Level Conference Meeting Room.
