Call To Order: 6:00PM - The meeting was called to order by Diane at 6:00 pm

The Board spoke with those present to gain insight as to the status of the Dog Hearing Order issued as a result of a Dog Hearing held on September 16, 2014. The ACO stated that she had received two calls since the Dog Hearing that Kenny Bliss was walking his dog “off leash”. Susan Talbot stated that she had pictures of the same.

The ACO stated that she had placed an advertisement on Craig’s List for fencing. She further stated that she had gotten three responses; however Ken Bliss stated that he would not install chain link fencing on his property. Cindy stated that she was unaware that Kenny had refused the fencing.

After some discussion, Sarah motioned to have the Bliss family surrender their dog to the West Brookfield Animal Control Officer on Friday, 7 November 2014. The dog will be held for two (2) weeks pending the installation of an adequate fence by the Bliss family. If this is accomplished sooner the dog will be returned to the owners; if not the Animal Control Officer shall attempt to place the dog with a NEW owner. In the event the Town can not place the dog it may be euthanized.

*If the dog is returned it should be noted that the dog is to remain within the fenced in area and be on a leash at all times when off the premises. If this order is not adhered to by the owners the Town reserves the right to re-visit the issue and take the dog from the owners.

Second Diane. The Board voted unanimously.

The ACO stated that she would continue to work with the Bliss family on retaining fencing for their dog.

The Board adjourned at approximately 6:40pm.

Respectfully submitted,

Absent:
