The meeting was called to order today by Chair Eric Tunley at 7:07 p.m.

MINUTES: Brian Silva made a motion to approve the minutes of March 1, 2017 as presented. Richard Provencher second. Vote was unanimous to approve the minutes of March 1, 2017 as presented.

7:00 PUBLIC HEARING: Notice of Intent: Vincent Provencher, 52 Lakeview Avenue-excavate a flat area in the bank to build a patio and build a retaining wall similar to 54 Lakeview Avenue to stop and prevent erosion of existing bank. Brian Silva and Eric Tunley did the site visit. Vincent Provencher was present to go over his plan. He is going to erect a “green patio” in that he will put down six inches of soil and seed to grass and this will create an extension of his current lawn. He will plant a hedge around the patio instead of erecting railings. Four trees will be removed. Silt fence and straw wattles will be used at retaining wall sites with top fence extended up and around as per the plan. Brian Silva stated that if there was any piling of material that it be covered and he agreed to do this as well as putting silt fence. Brian Silva made a motion to approve the plan and write an Order of Conditions. Gordon DeWolf second. Vote was four to approve, one abstain (Richard Provencher). An Order of Conditions was written.

COMPLAINT: 33 Shoreline Drive. Fence erected. Gordon said this not a conservation issue. The fence does not go into the water and there is no disturbance at the shoreline.

Reviewed letter from MassDOT-Survey and wetland delineation at Foster Hill Road-Foster Hill Road Bridge.

OLD/NEW BUSINESS: Richard Provencher questioned should we do a site visit at Barry Nadon’s Snow Road Project. Records reviewed. It was decided that a site visit at this time was not necessary as Gordon DeWolf said the temporary bridge had been removed.

Eric Tunley made a motion to adjourn the meeting. Richard Provencher second. Meeting adjourned at 7:45 p.m.

Respectfully submitted,

Christine M. Long, Secretary
